Leonardo HD: Configuration 04

Pipes Rack

	METRIC	US
Frame Length	1110 mm	3.6 ft
Frame Height	460 mm	1.5 ft
Thickness	260 mm	10 in
Net weight	15 Kg	33 lbs
Capacity	90 Kg	198 lbs

Pipes transport simplified.

The pipe rack tool optimizes the handling of pipes and elongated materials weighing up to 90 kg (198 lbs) directly on the Leonardo HD, leaving the basket clutter-free.

Designed for **construction**, **plumbing** and **plant engineering sectors**, it ensures faster and safer transport than traditional methods, improving worksite logistics and levels of productivity and comfort.
